

MASTER INK KNIVES AND PAPER WEDGES

Master ink knives are manufactured in one piece from durable polypropylene making them tough, flexible and solvent resistant.

With rounded edges, there is no risk of damaging rubber, plastic or Teflon parts on the press.

Very popular with press operators, the special blade angle and light weight make them easy to use.

Supplied in sets of four knives in plain white carton boxes.

Model #	Description	Size (LxW)
2KNIFE	4 knives/box Yellow, red, blue and black	270x70mm (10 3/4"x2 3/4")
2KNIFE5	4 knives/box Yellow, red, blue and black	270x45mm (10 3/4"x1 3/4")
2KNIFEJ	1 knife/bag White	298x80mm (11 3/4"x3 1/8")

Master Paper Wedges

Manufactured with thin, smooth and extra strong lead edges these paper wedges are easily inserted in paper stacks without damaging stock.

Made of high strength, durable polypropylene which will not absorb oil, ink or dirt.

Equipped with handy finger sized holes for easy removal from the paper pile.

Our paper wedges ensure accurate leveling of paper stacks and with their long taper permit fine adjustments.

At the press feeder end they enable positive paper pick-up and at the delivery end they ensure proper jogging.

Three sizes are suitable for the entire press range from duplicators to large sheet fed presses.

Supplied individually or in economical combination packs in white carton boxes:

Model #	Description	Size (LxWxH)
2WEGS	Small wedge	200x30x30mm (7 7/8"x1 5/16"x1 1/4")
